NOBLESVILLE, Ind., Dec. 1.—Fire starting tonight from sparks falling on the roof of the Noblesville Light, Heat and Power plant, started a fire which caused \$10,000 loss and cut off the lights of Noblesville and a number of small towns in Hamilton county. Towns supplied with light and power by the plant were Arcadia, Clero, Hortonville and Westfield. Assistance was requested of the Indianapolis fire department when it appeared that the part of the plant which supplies power to the water works would be destroyed. A pump was sent but the fire was controlled before its arrival.

UPHOLDS DAMAGES

FOR CITY OF MUNCIE

INDIANAPOLIS, Ind., Dec. 1.—The appellate court Thursday affirmed the Henry circuit court in awarding the \$2,250 to the city of Muncie for damages to the city fire truck resulting from a collision with a street car of the Union Traction company. The damages were fixed by a jury.

The Union Traction company, in its appeal, attacked the city ordinance requiring street cars to be stopped on approach of fire apparatus, contending that the ordinance was adopted after the company was granted its franchise. The court, however, held that the city had the power to enact the ordinance.

The accident to the fire truck occurred in 1918 at Howard and Franklin streets, Muncie.

In an effort to obtain funds to complete its quota, the Niles chapter of the Berrien county Red Cross will give a dance in Bullard's hall Friday evening. Denny's orchestra of South Bend furnishing the music.

The Niles basketball team will meet at Elkhart five on the floor of the local gymnasium Saturday evening. This is the first game of a heavy schedule, and fans await the outcome with interest. Brother-in-Law of Mrs. Slack on Stand at Trial

THREE RIVERS, Mich., Dec. 1.—George Coney, brother-in-law of Mrs. Levin Slack and charged jointly with Mrs. Slack with the murder of the latter's husband Sept. 15 last, was placed on the witness stand by the prosecution Thursday at Mrs. Slack's trial.

Coney spent the night of Sept. 14 at the Slack home. The following morning, he said, Slack announced his intention of "going away," saying he did not care for breakfast. He then went to the basement, Coney said, and shortly afterward Mrs. Slack discovered his body hanging from a beam.

The prosecution contends Mrs. Slack married the aged man to gain possession of his estate, and with Coney, whose trial is to follow, was responsible for his death. The defense claims Slack committed suicide.

Ill Health Causes Niles Man to Commit Suicide

Special to The News-Times.
NILES, Mich., Dec. 1.—Believed to have been despondent over ill health, James J. Curtis, 45 years old, at one time Niles foreman for the Williston Construction co. of Chicago, committed suicide by drinking carbolic acid in his room at 302 N. Second st., sometime between Saturday morning and Wednesday evening. The body was discovered early Thursday afternoon by Curtis' landlady, who had been impelled to force open the door by the strong odor of carbolic acid, crystallized particles of which still adhered to a cup near his bed.

A small slip of pink paper fastened to a pillow conveyed the information that Curtis had a son, Earl Curtis, living in Toledo, O. Police were instructed to notify the son by telegram.
